The program was co-provided with UNC Digital and Lifelong Learning

An Introduction to Cancer Registry Operations

Isaiah Zipple, CTR

Certified Tumor Registrar, Team Lead

UNC Health – UNC Medical Center

University of North Carolina at Chapel Hill

WEBINAR DESCRIPTION

This presentation will be a detailed explanation of key cancer registry functions and highlight the data it contains.

LEARNING OUTCOMES

- Identify what data is housed within the cancer registry
- Explain the multiple primary rules and how it relates to recurrence information
- Describe what constitutes first course treatment from a cancer registry definition
- Identify types of data requests the cancer registry can provide and how to submit a data request
