Next Generation Cancer Care Navigation

William Wood, MD, MPH

Associate Professor of Medicine

Medical Director for Education and Outreach at UNC

UNC Lineberger Comprehensive Cancer Center

UNC School of Medicine

University of North Carolina at Chapel Hill

WEBINAR DESCRIPTION

In this webinar, we will review ways to expand traditional clinic-based cancer navigation to population-based cancer navigation using a central navigation approach. We will discuss how this approach can foster equity in care delivery and outcomes, while incorporating new initiatives that promote quality improvement. We will also talk about how this work fits into the current national environment that surrounds cancer navigation, including the recent development of a learning community and of new proposed billing codes that support the delivery of navigation services.

LEARNING OBJECTIVES

- Identify informatics tools that can facilitate population-based cancer care navigation.
- Discuss how population-based cancer care navigation can be designed with equity in mind.
- List current national initiatives that have been developed to support the development and sustainability of cancer care navigation.

DISCLOSURE STATEMENT

Activity Directors: William A Wood, MD, MPH, and CPD staff have no relevant financial relationships with commercial interests as defined by the ACCME.

Speaker(s): A potential conflict of interest occurs when an individual has an opportunity to affect educational content about health-care products or services of a commercial interest with which he/she has a financial relationship. The speakers and planners of this learning activity have not disclosed any relevant financial relationships with any commercial interests pertaining to this activity.

ACCREDITATION

NCPD/CNE: UNC Health is approved as a provider of nursing continuing professional development by the North Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Criteria for successful completion requires attendance at the NCPD activity and submission of an evaluation within 30 days.

ACPE: The UNC Eshelman School of Pharmacy Postgraduate/Continuing Education (PGCE) Program provides accredited professional educational activities for pharmacists and pharmacy technicians. The Eshelman School of Pharmacy of the University of North Carolina at Chapel Hill designates this live activity for a maximum of 1.0 ACPE Credit(s).

ASRT: The American Registry of Radiologic Technologists (ARRT) is a leading credentialing organization that recognizes qualified individuals in medical imaging, interventional procedures, and radiation therapy. This activity is worth 1 credit hour and is pending approval by the ASRT.

CME: The School of Medicine of the University of North Carolina at Chapel Hill is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The School of Medicine of the University of North Carolina at Chapel Hill designates this live internet activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
