Obesity and Cancer Prevention: The Efficacy and Timing of Bariatric Surgery

Maggie M. Hodges, MD, MPH

Assistant Professor of Surgery

Division of Gastrointestinal Surgery

UNC Lineberger Comprehensive Cancer Center

UNC School of Medicine

University of North Carolina at Chapel Hill

Webinar Description

Join Maggie M. Hodges, MD, MPH, for a surgeon's perspective on the role of cancer risk reduction through bariatric surgery, while also exploring the optimal timing of bariatric surgery in patients with a personal history of cancer.

Learning Objectives

- Describe the pathways through which bariatric surgery may influence cancer development and progression.
- Define the current knowledge base regarding the impact of bariatric surgery on cancer development.
- Recall the optimal timing of bariatric surgery during and after cancer treatment.

This program co-provided with **UNC Health**
