Improving AI/AN Cancer Surveillance Data in the US

Melissa Jim, MPH

Epidemiologist

Cancer Surveillance Branch (CSB)

Division of Cancer Prevention and Control
Centers for Disease Control and Prevention

WEBINAR DESCRIPTION

Melissa Jim, MPH will describe our IHS linkage and characterize patterns of cancer incidence among AI/AN by IHS Region. We will discuss sources of AI/AN cancer data. I will also explore the United States Cancer Statistics: Data Visualizations website to show how to find AI/AN cancer data by IHS Region. Accurate cancer data is crucial to develop public health strategies and programs to address cancer disparities.

LEARNING OUTCOMES

- Describe the effects of racial misclassification on cancer incidence data in AI/AN populations and methods to address misclassification through record linkage.
- Discuss the regional disparities in cancer incidence rates between the AI/AN and general US population.
- Demonstrate how to use the United States Cancer Statistics: Data Visualizations website to get AI/AN cancer data by IHS Region that can be used for presentations and reports.

These webinars are a collaboration between

Duke Cancer Institute

**LINEBERGER COMPREHENSIVE
CANCER CENTER**
