Strategies for Managing Toxicities of Oral Oncolytics

Kevin Chen,

PharmD, MS

Clinical Pharmacist Practitioner

University of North Carolina at Chapel Hill

Bianka Patel,

PharmD, CPP

Clinical Pharmacist Practitioner

University of North Carolina at Chapel Hill

Aimee Faso,

PharmD, BCOP, CPP

Clinical Pharmacist Practitioner

University of North Carolina at Chapel Hill

Webinar Description

Oral oncolytics have revolutionized cancer care over the last two decades. Although they provide a more convenient & often more tolerable alternative to traditional chemotherapy agents, their unique mechanisms of action lead to a wide range of potential side effects. In this CPP panel discussion, Aimee Faso, Bianka Patel, and Kevin Chen will discuss the considerations when managing side effects for patients receiving oral oncolytic treatments for various solid tumor and hematologic malignancies.

Advanced Practice Provider webinars created and coordinated by **Tammy Triglianos, DNP, ANP-BC, AOCNP**, in partnership with **UNC Lineberger Cancer Network**.
