## Evolution of Native Patient Navigation

**Linda Burhansstipanov, MSPH, DRPH, OPN-CG**  
*Founder, Native American Cancer Research Corporation*  
*President, Native American Cancer Initiatives, Incorporated*

### WEBINAR DESCRIPTION

The session provides an overview of how the field of patient navigation has evolved since its inception in the late 1980s / early 1990s. It includes a brief overview of the nationally recommended metrics and CMS codes for reimbursement of navigation services. It also identifies what is missing in the codes to fully address the cancer continuum.

### LEARNING OUTCOMES

- Identify significant improvements in Patient Navigation programs since 1989
- Identify and use Standards' definitions
- Examine the evolution of NACR's Native Patient Navigation Program
- Briefly examine overview of 35 Patient Navigation Metrics
- Identify key events that update CMS, Cpt and other codes for reimbursement of PIN services

*These webinars are a collaboration between*

LINEBERGER COMPREHENSIVE  
CANCER CENTER

## DISCLOSURE STATEMENTS

**Activity Directors:** This activity has been planned and implemented under the sole supervision of the Course Director, Stephanie Wheeler, PhD, MPH, and Emily Ray, MD, of the UNC School of Medicine in association with the UNC Office of Continuing Professional Development (CPD). Dr. Wheeler received research support from AstraZeneca (ended June 2023) and Pfizer Medical Foundation (ended December 2023). These financial relationships have been mitigated. Dr. Emily Ray has no relevant financial relationships with ineligible companies as defined by the ACCME. CPD staff have no relevant financial relationships with ineligible companies as defined by the ACCME.

**ACCME:** The presenter has no relevant financial relationships with ineligible companies as defined by the ACCME.
