# The Role of APPs in Oncology Care: From Diagnosis to Survivorship

**Allison Phillips, MPAP, MHPE, PA-C**

Assistant Professor and Director of Clinical Education  
Department of Health Sciences  
UNC Lineberger Comprehensive Cancer Center  
UNC School of Medicine  
University of North Carolina at Chapel Hill

### Webinar Description

"Advanced Practice Providers (APPs), including nurse practitioners and physician assistants, play an increasingly vital role in the delivery of comprehensive oncology care. This session will explore the diverse and evolving responsibilities of APPs across the cancer care continuum, including medical, surgical, and radiation oncology settings, as well as their growing role in survivorship and primary care.

Participants will gain insight into how APPs contribute to diagnosis, treatment management, patient education, care coordination, and long-term survivorship planning. The session will also highlight the unique position of APPs in bridging oncology and primary care, ensuring continuity of care and addressing the complex needs of cancer survivors."

### Learning Objectives

- Describe the roles and responsibilities of APPs in medical, surgical, and radiation oncology settings
- Explain how APPs contribute to care coordination and interdisciplinary collaboration across the cancer care continuum
- Discuss the role of APPs in survivorship care, including surveillance, management of late effects, and health promotion
- Identify how APPs function as primary care providers for cancer survivors and the implications for long-term patient outcomes
- Recognize opportunities and challenges in optimizing APP utilization in oncology and survivorship care models

## Disclosure Statements

**Planners:** This activity has been planned and implemented under the sole supervision of the Course Director, Stephanie Wheeler, PhD, MPH, Emily Ray, MD, of the UNC School of Medicine, and the planning committee in association with the UNC Office of Continuing Professional Development (CPD). Drs. Wheeler and Ray have no relevant financial relationships with ineligible companies as defined by the ACCME. CPD staff have no relevant financial relationships with ineligible companies as defined by the ACCME. The planning committee members and their relevant financial relationships with ineligible companies as defined by the ACCME can be found at <https://learn.unclcn.org/content/unclcn-webinar-planning-committee>.

**ACCME:** The presenter(s) has (have) no relevant financial relationships with ineligible companies as defined by the ACCME.

**ANCC:** This presentation has yet to be reviewed for accreditation and mitigation.

## Accreditation

**NCPD/CNE:** UNC Health is approved as a provider of nursing continuing professional development by the North Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Criteria for successful completion to claim CE Certificate requires attendance at the NCPD activity, and submission of an evaluation within 7 days.

**CME:** The School of Medicine of the University of North Carolina at Chapel Hill is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The School of Medicine of the University of North Carolina at Chapel Hill designates this live internet activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)<sup>®</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
