Please note:

- The IRB requires PRC approval letters with all initial submissions. Therefore, all appropriate studies are to be submitted to the PRC *before* submission to the IRB.
- Initial submissions are accepted by the PRC on a first come, first served basis, with a limit of five initial/amendment reviews per meeting.
- The submission deadline is the date of the previous meeting (e.g., the deadline for submission for the January 20 meeting is January 6). If the agenda has already reached its limit of five initial/amendment reviews, the study will be put on the next available agenda.
- PRC submissions with incomplete documents or without relevant signoffs will not be considered as submitted by the indicated deadline.
- All CPO studies are submitted via the ePRMS console in OnCore. All Non-CPO studies are submitted via email to the PRC Coordinator (stacy_maxwell@med.unc.edu).
