

QUESTIONS TO ASK YOUR DOCTOR ABOUT CLINICAL TRIALS

What are the **benefits and risks** of this trial?

How **often** do I need to come into the hospital or clinic?

What if I **change my mind**?

How much will it **cost**?

Will my **daily life** be affected?

What **resources are available** to support me?

WHERE TO FIND AVAILABLE CLINICAL TRIALS

Speak to your doctor or nurse to learn about options that are a good fit for you.

Talk to other people who have taken part in cancer research.

Search for clinical trials online:

researchforme.unc.edu

or

www.clinicaltrials.gov
